

A Fact of Life

By Shomit Sirohi

I. An Upsurge in American Idealism

I was just a man,
I was only a publishing job attendant of a philosophical type,
I now live in wealth.
Wuthering Heights.

II. Inspiration in Christ

In fact life can be difficult,
I am in deep trouble, they can say,
Inspiration,
When I walk to a Passegework I did,
I am in the Sistine Chapel.

III. A Black Writing Philosopher

In pure humanism,
They tell me to understand, that weight and weight of things,
I am just another person,
But I am inspiration.
